

Australian Childhood Immunisation Register

SECURE E-MAIL

Did you know that you can send an email directly to ACIR via the Secure Site?

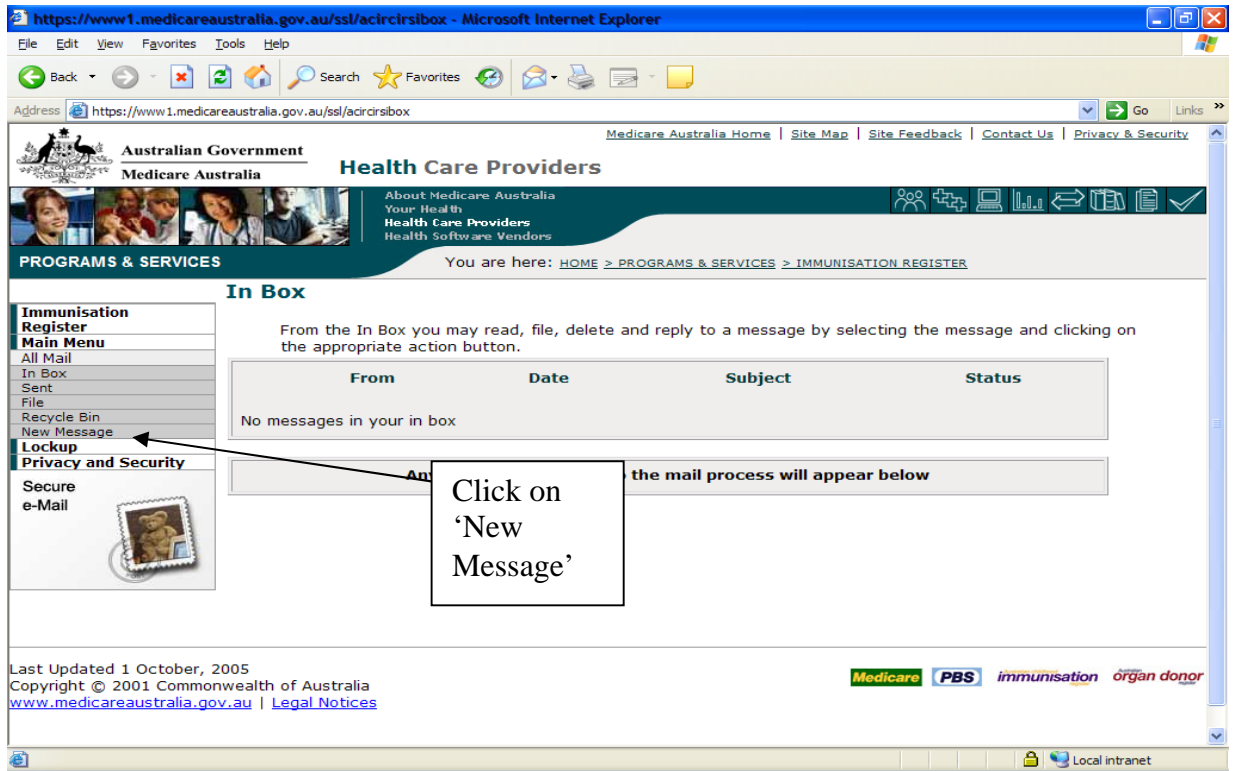

An immunisation provider can send an email to ACIR regarding:

- a child's vaccination history;
- natural immunity notifications for any recordable disease;
- incorrect information regarding a child's immunisation history;
- and/or general questions regarding ACIR.

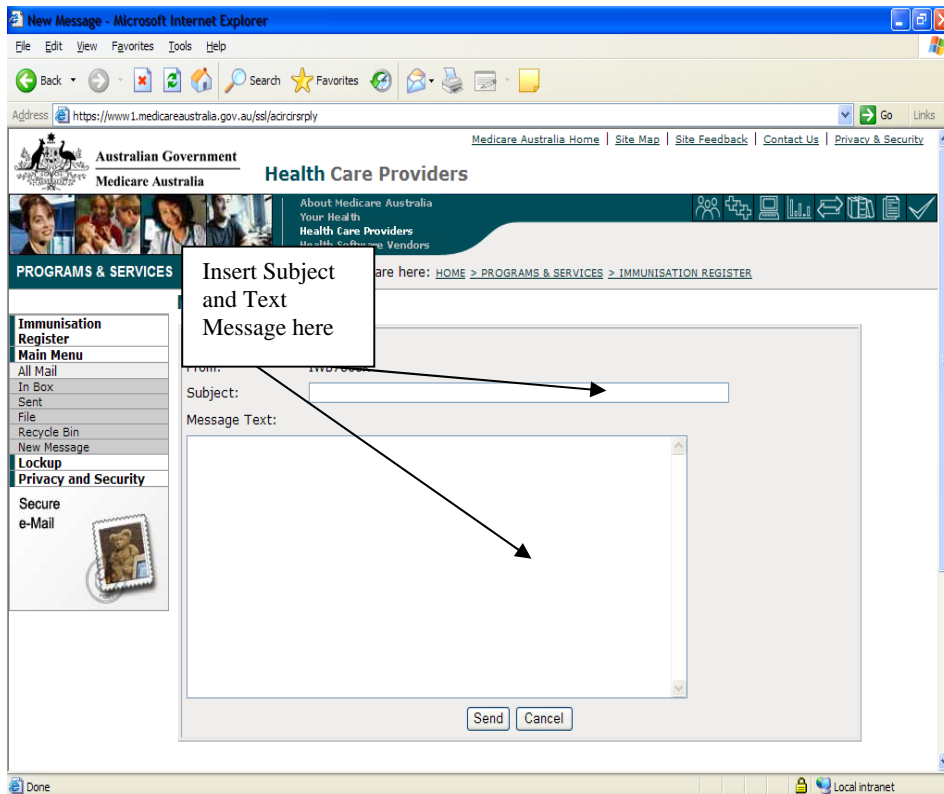

To send an email to ACIR follow these simple steps:

A screenshot of a Microsoft Internet Explorer browser window displaying the Australian Government Health Care Providers website. The address bar shows 'https://www1.medicareaustralia.gov.au/ss/acircrissam'. The page title is 'Main Menu - Microsoft Internet Explorer'. The website header includes 'Australian Government Medicare Australia Health Care Providers'. A navigation menu on the left lists 'Immunisation Register', 'Reports Menu', 'Claims Menu', 'Identify Child', 'Provider Menu', 'Lockup', and 'Privacy and Security'. The 'Secure e-Mail' option is highlighted with a teddy bear stamp icon. A text box with an arrow points to this icon, containing the text 'Click on the teddy bear stamp'. The main content area is titled 'Main Menu' and lists several menu options with descriptions. At the bottom, there is a footer with copyright information and logos for Medicare, PBS, immunisation, and organ donor.

then...

then...

For timely processing enter the nature of your message in the 'Subject' header. Enter the child's name, date of birth, Medicare number, and information you wish to report in the "Message Text".

then....
