

# MEDICATION ADMINISTRATION COMPETENCIES FOR ENROLLED NURSES (AUSTRALIA WIDE)

These competencies will enable enrolled nurses to demonstrate medication administration and management, by completing the approved units of study that have been identified by the Nurses and Midwifery Board of Australia (NMBA).

## THE UNITS ARE:

- ✕ Analyse health information (HLTAP501A)
- ✕ Administer and monitor medications in the work environment (HLTEN507A)

In addition, there are three mandatory prerequisite units which are available online.

C.Y. O'Connor Institute is repositioning as a dual sector institute delivering tertiary education through open learning and is a NMBA accredited facility. Our staff can provide upskilling, or assist you in gaining Recognition of Prior Learning (RPL), which recognises existing knowledge and skills that have been gained through informal learning, life and workplace experiences.

CALL C.Y. O'CONNOR INSTITUTE TODAY ON  
**1800 627 256** TO FIND OUT MORE.
